The phone is broken.

Guess it’s time to go.

I have seen and heard some strange things. Some ghost activity occured here. Everybody said they haven’t seen it. The fresh air…I might need some. People went missing near the abandoned mansion not far from here. Their things that they left behind terrified everybody. Then they knew I’m not making

ROU·TE

Task
-Inspect the abandoned mansion-

>You are now inspecting an abandoned home<

- I’m on the hallway.

One letter is missing.

It's falling. I need to fix this now.

Now the box will open. I need to see what's inside.

The box is full of messages. I must empty the box. I got no time for all.

Here is the last message the owner of this place recieved .

These messages...this must be a joke...this cannot be real...I need to understand better what’s the meaning of these if I will have to face the unexpected. This is unusual, it challenges my reality. I think I’m about to get away from what i used to know.

>---You are inspecting an abandoned place---<

> First room <

What a mess!

Someone left his bed... forever. No trace of anybody. No one touched anything, they leaved. This place looks as if it were over 100 years old.

I cannot rest now.

I should get rid of the web atleast so I could get on the other side.

AHH! This place is so dirty! I must get out of here quick. Who owns this place?!

> Second room <

>Searching the archives<

-GHOST ACTIVITY-

[,,,][[[Behind you]]] [,,,]

> You have found notes<

”I got rid of them, everybody is going to die by my hand! No one is having a clue of what I’m doing.“

“I used too much resources and energy in order to fulfill my dream. I feel overwhelmed. I’m not going to leave this place, if I leave now all will be lost. I reached too far with the experiment to leave now! I need more and more power to

“I started to hear whispers from the dark. I did what they told me, however I started to get sick. It doesn’t go unnoticed, the bags are growing under my eyes. When I’m in bed and close my eyes I see a dead body. This is all a nightmare. I don’t know if I can handle this anymore.”

“I feel like I’m not myself anymore, this is the last experiment…I didn’t touch anything in the kitchen. I’m loosing control of my own mind. Everything ends right here! ”

“After a severe thunderstorm the fuses in the room where the rituals are performed have blown. I didn’t make it to the Security Room. There was no light, I bumped into something sharp and I collapsed on the floor.”

So…this is the mind of the murderer.He’s gone mad!

In this building is a monster! I will blow up this place so no one can find any trace of these experiments.

I cannot stop here...Nobody can stop me now. I can see the door of a red room in the mirror. Where is he hiding?

> Third room <

Eva 1
WELCOME

-I’M IN-

I am in Eva’s place...I see no Eva here. But why? Something is wrong here...

WHAT?!! Blood stains?? I made sure I’m alone. What the hell just happened?!

Did somebody actually died in here?! This blood...is recent.

S-someone is up to something...!! But I think it’s already too late.

I have found more notes of black magic. The culprit needs more victims, he cannot stop the occult experiments yet. He must be controlled by a dark force.

> You have found hidden notes of Eva <

“Hello! I’m Eva. If you find this note and find out that I’m Eva, you will find the one responsible for my disappearance. He did many crimes…You need to get me out and bring me out into the sunlight. There’s no way out, remember. You gotta find me or you will die. This man is keeping me inside of a cage. You need to find him first before he catches you trying something and locking you until your last day. He loves to see

I refuse to be anybody slave! He thinks he can fool everybody with his threatening tricks. But he cannot control what’s beyond this place he owns.

>You have found another note<

“In all this time I was doing these rituals for them without being aware, I took part at this everyday, I noticed the people I bringed in went missing. I didn’t allow any people come in anymore and he got very mad.

I gotta do what’s right. I will be able to reverse any kind black magic as soon as he gives up on the power this circle of black magic has to offer. I need to get my hands on the source and destroy it. But first I need to get that criminal out the charging place in order to disturb the whole energetic field. It will cost me my own life, but I got nothing to loose

I will take his place right before his victim’s life will be taken and he will get out before he dies in the reversed magic circle. When the system is reaching the maximum energy, a source change will make the energy destructive.

Unlike others I didn’t give my blood to him, those members are from the same bloodline. So the spell will go against him. The ritual needs to be performed by the master mind, which is the owner of this place.

The master of this cult is worshipping will leave when he’s running out of blood, he will look for somebody else. The last body is having a key role into this. It’s the bridge.”

Someone needs to get him out of that ritual circle.

I cannot rest. I must find the culprit.

Searchin’ ….

I’m confused. What should I do? I’m exhausted. The more I searched the further I got. Never mind. Just do it already!!

-BAD NEWS-

>hearing a noise,turning to left<

- AH?!! WHAT WAS THAT?

The ritual must be taking place at this very moment... I must hurry! I have no time!

Seekin’...

Eva's drink.

Sippin’...

Seekin’...

Task:

-Find out who is inside the room where the ritual is performed-

Searchin’ ….

>You have found a chest with a rose and a cross on it<

>Opening the chest: a knife with a ribbon tied to its handle<

The knife is on me.

>Taking and hiding the knife<

Searchin’ ….

There must be a secret room.

>You are on guided mode<

>Switching<

>Pointing fingers toward the light switch<

>Turning the lights on<

>A passage opens<

-NO MORE ROOMS-

>You searched all the rooms<

So this is the last room...

I feel like someone is inside here. Am I going mad?

Am I being challenged?

It makes me sick...This feeling..-

Where is a chainsaw when you need one?

not listening to a damn skull!

-BUSTED-

> You have found the murderer’s hideout <

The murderer! Is right here! What is he trying to do?! There’s someone tied on the floor with a duct tape on his mouth. Wha-What is this ritual?! H-He took his blood! This pentagram is made of blood.

>The criminal escapes<

-BLANK-

>You’ve been hit in the head by an unknown person<

>You loose control over your body and collapse on the floor<

evidence

Wh-What happened here? What was I trying to do? I must have forgot...I think I was hiding something, but what? What was I tryin’-

>Note<

“The cage I was in unlocked when you opened the door and found the culprit. The black magic reversed, I did what I had to do. A block falled and hit you in the head. I couldn’t take you with me, but I managed to take the victim out. I left you in that monster’s place, he is gone so make sure you blow up this place when you leave.

-Eva.”

Eva? Who is Eva?...
Victim?....is not here anymore...

Task:

-LEAVE-

I see the murderer. Nobody is around to see so he left. He lost my trace when he tried to escape. I better make no sound. I should leave his place, I had no clue it could get so evil.

*dropping sound

What is this? His id card?!! He’s a cop?! I have found his id card!!

Now he’s doing a body search...

He changed his clothes so fast, I couldn’t even recognize him.

“Where is the weapon?! Tell me you have a knife & I will leave you alone.”

He doesn’t know where the knife is...
